

# Neurodevelopmental Pediatricians

Developmental Pediatric Associates (Flemington, NJ) 908-788-6650  
190 NJ-31 Ste 500, Flemington, NJ 08822

Neurodevelopmental pediatricians at **Developmental Pediatric Associates** provide evaluation and treatment for children and adolescents experiencing a wide range of developmental and behavioral difficulties, including but not limited to:

- Delayed development of speech, language, motor skills, and cognitive ability
- Attention Deficit/Hyperactivity Disorder
- Autism Spectrum Disorder
- Cerebral Palsy and other Motor Disorders
- Genetic Disorders
- Learning disorders such as Dyslexia, Specific Learning Disabilities in Reading, Writing, and Math, and other school-related learning problems

Neurodevelopmental pediatricians work closely with families and other professionals including primary care physicians, child study team members, speech, occupational, and physical therapists, child psychiatrists, and child neurologists, providing multidisciplinary care for your child.
