RISKS & BENEFITS

It is agreed that the client shall make a good-faith effort at personal growth and engage in the therapy process as an important priority at this time in his/her life. Therapy is designed to assist clients in resolving issues and dealing with difficult challenges. I will make every effort to make therapy successful in this manner. However, you should know that participating in therapy is no guarantee that you will "solve" your problems and that issues will be 100% resolved. Please be aware that through the course of therapy, we may expose unresolved issues that may cause emotional distress. Participation in therapy means that you accept these risks and are willing to deal with the potential emotional upheaval. Suspension, termination, or referral shall be discussed for lack of commitment or for any unresolved conflict or impasse between therapist and client as soon as possible.

Every effort to deal with discrepancies in dealing with treatment or payment should be made first with Cathy Rosa. If no satisfactory mutual agreement is reached after an extended and reasonable period of time, the client may contact the American Art Therapy Credentials Board:
